APPLICATIONFORM FOR PAYMENT AGREEMENT

We cannot process your application for a payment by installments unless the application form contains all relevant information. Information regarding salaries and household expenditure must be documented.

The tax payment law states that assessed tax arrears must be paid at due date. This law is practiced very strictly. A payment by installments agreement is an exception to the general rules. In order to be granted a payment agreement you must amongst other fulfill the following requirements;

- You must submit a payment proposal and the proposal must be better than what the tax
 collector can achieve by enforced payments. That means that the proposed payments must
 provide a quicker coverage of the tax arrears than for instance attachment of earnings or a
 distrain proceeding.
- You are unable to pay the tax arrears according to the normal rule. If you for instance have money in the bank or assets that can be sold, the required conditions for a payment by installments are not fulfilled.
